IOWA CULTURAL COALITION

Organizing Iowans to advocate for public investment in arts and culture

IOWA CULTURAL COALITION

MISSION

The mission of the Iowa Cultural Coalition is to organize Iowans to advocate for public investment in arts and culture.

VISION

Iowa is a place where the arts and culture industry inspires its citizens, strengthens communities, enhances educational achievement, celebrates its diversity and is a catalyst for economic development.

MANDATE

As a statewide advocacy organization, the ICC serves as a strong and unified voice in promoting public funding, legislation, and policy beneficial to Iowa's growing arts and culture industry. Iowa's cultural organizations are key drivers of all three of these crucial goals:

- Arts & Culture Attracts and Retains Talent in Iowa
- Arts & Culture Promotes Economic Development in Iowa
- Arts & Culture Builds Strong Communities in Iowa

IOWA CULTURAL COALITION

Dear Iowa Representatives,

We are pleased to present the Iowa Cultural Coalition's 2024 Public Investment Report, which outlines arts and culture funding allocated across the state through Iowa Arts Council grants and the State Historical Society. This funding supports a wide range of programs across the state that enrich Iowa's communities, large and small, and stimulate our economy.

Last year's increase in the Iowa Arts Council's base budget was a promising step forward, yet Iowa continues to trail its neighbors significantly in critical investment in the creative economy. Iowa's funding rate of $0.46 per capita is less than a quarter of the national average and 1/10th of some of our neighbors, putting Iowa at a disadvantage in a region where arts and culture investment is increasingly seen as a crucial economic driver. Although Iowa arts and culture outperforms our 46th in the nation funding rank, this funding gap hurts our ability to compete for talent, economic development, and the cultural vibrancy that sustains communities.

Arts and culture production is a major contributor to Iowa's economy, comparable to sectors like transportation. According to the Arts and Economic Prosperity 6 report by Americans for the Arts, Iowa's nonprofit arts and culture sector generated $705 million in economic activity, supported over 12,000 jobs, and returned millions in state and local taxes. These funds not only drive the economy but make our communities welcoming, innovative, and more attractive to new residents and businesses.

There is a clear opportunity to boost Iowa's economic competitiveness by committing $1 per Iowan to arts funding. This increase would position Iowa to realize its full potential, keeping pace with neighboring states that are leading in arts-driven economic initiatives. With a stronger arts and culture budget, we can reduce the backlog of grant-worthy projects across Iowa that go unfunded, bringing transformative cultural and economic benefits to every district.

Thank you for your ongoing support for Iowa's arts and culture, which, as the report shows, benefits all Iowans across the breadth of our state. We hope you will join us in advocating for the $1 per capita funding target to ensure Iowa remains competitive, vibrant, and economically resilient.

Sincerely,

Lindsay Bauer
President, Iowa Cultural Coalition

OVERVIEW

The Iowa Cultural Coalition is pleased to present the 2024 Public Investment Report, detailing public funds for arts and culture distributed across Iowa through the Iowa Arts Council (IAC) and the State Historical Society. Following the recent state government reorganization, the IAC is now part of the Iowa Economic Development Authority, and the State Historical Society is part of the Iowa Department of Administrative Services.

Iowa currently allocates approximately $0.46 per capita to arts funding—well below the national average. If Iowa were to increase this investment to $1 per Iowan, Iowa will move toward the middle of all states, enhancing our ability to compete regionally and nationally. This increase would reduce the lead of neighboring states that prioritize the economic value of arts funding. Iowa's bordering states, which compete with Iowa for talent, invest nearly four times more per capita in the arts. Iowa's current funding lags in supporting the creative economy and the non-profit arts sector's capacity to drive economic activity, retain talent, and elevate our communities' appeal to residents and businesses alike.

The 2024 report shows that total grant funding for arts and culture in Iowa reached $2.86 million, with funds from the state of Iowa and the National Endowment for the Arts. However, many eligible and impactful projects across Iowa remain unfunded. Every dollar invested in arts and culture yields a ninefold return* in local economic activity, a vital contribution as we compete to retain and attract residents, especially young professionals.

According to the Arts & Economic Prosperity 6 report by Americans for the Arts, Iowa's arts and culture sector generated $705 million in economic activity last year, supporting more than 12,000 jobs and drawing revenue across our communities. Investment in arts, culture and heritage is an investment in local businesses, education, and infrastructure, creating the cultural fabric that binds Iowa's towns and cities into vibrant, economically resilient communities.

Investing $1 per Iowan would build a powerful platform for further economic growth, especially as our state strives to retain young people, support creative entrepreneurs, and ensure Iowa's competitiveness in the regional and national landscape. With this goal, we recognize that arts and culture are not only an enriching part of Iowa's heritage but also a catalyst for its economic future.
